

Ask your provider about:

PRO7

For patients who are overall healthy and desiring nutritional guidance.

Our Pro7 Comprehensive Panel analyzes 7 areas of health and provides nutritional recommendations and health information based on scientific validation.

Indicated for patients who:

- Are overall healthy and desire nutritional guidance.
- Have no significant family history of disease.
- Have children with healthy family histories.
- Want to design an overall health plan, fitness regimen or anti-aging program.
- Have basic problems with intestinal health and allergies.
